NOT A GIMMICK:
 No here today gone tomorrow gimmick. Ramjet is the invention of the well known Ed Almquist. Ed,s unique gas saver can actually save tremendously on your gas bills (depending on make and model, age, condition, weather, and how you drive). Miraculously, Ramjet can also turn waste gas into RACE-LIKE power as it turns the unburned fuel into extra driving energy. **INSTALLS IN MINUTES:**
 Easily slips-on usually without tools on cars trucks and some RVs. Go ahead, Try the Ramjet GTIV and you will soon realize immediate savings on your weekly fuel-ups, and added power, and performance in your engine.
